Pressure is Productivity

HP450 / VHP540

The Power of Innovation

HP 450/Delivering high productivity at low cost per ton.

VHP 540 is designed to enhance the value generated by crawler drills through optimum air flow and pressure.

Key Features :

- Unique cool-box design for better component life.
- High flow for better flushing.
- High pressure for faster drilling.
- External, single-point lifting bail for easy hoisting.
- Heavy duty "A" frame drawbar with adjustable-height pintle eye provide easy hook-up to the drill/vehicle and stability while towing.
- Twin lockable outswing side doors provide easy opening and excellent access for serviceability.
- Automatic shut down safety device for
 - » High discharge air temperature.
 - » Low engine oil pressure.
 - » High engine coolant temperature.
 - » Powder coated steel canopy for durability and surface finish.
